

# RARE TOGETHER

Awareness, Support & Research

The CACNA1A Foundation is a patient-led 501(c)(3) nonprofit organization comprising a diverse team of families, scientists and medical professionals. Our goal is to raise awareness, support families and, most importantly, find new treatments and a cure for CACNA1A-related diseases.

## ON A MISSION TO FUND LIFE CHANGING RESEARCH

Join Our

### NATURAL HISTORY STUDY

A Natural History Study is vital to better understand CACNA1A variants and to develop strategies for treatment.

It is used to inform research priorities, target participants, accelerate drug development, and develop recommendations for standards of care.

Participation increases knowledge of CACNA1A and directly advances research.
